

Digital Graphics / Video Editing / Animation Intern

How would you like to be a part of an innovative art education company that is changing the foundation of learning through arts and dance workshops all over the world?

AlphaKey Club™, a youth art and dance organization in NYC, is seeking a video intern specializing in animation and video editing. We are developing a new web series for Prek - Grade 2. We want to take content created and transfer it to digital formats for a video series.

This intern should have creative mind set and should know how to use Adobe After Effects, Premiere, Photoshop, Illustrator, and various types of audio and digital video equipment. Must also be comfortable working under deadlines.

Any experience and knowledge in shooting videos and/or scriptwriting is also a plus. Explain any experience and interest you have in your cover letter.

Responsibilities

Know how to use Adobe After Effects, Premiere, Photoshop, Illustrator, and various types of audio and digital video equipment
